## DEMOCRATIC COUNTY TICKET

FOR SHERIFF.

HON. RICHARD P. HOCKER,  
OF BEAVER DAM.

The Bullitt county *Presser* is for Dr. S. M. Hobbs for Congress, and favors a primary election to select the nominees.

CHARLES FORD, brother of "Bob" Ford, who killed Jesse James, committed suicide in the 6th inst., at Richmond, Mo.

The Democratic majority in the late election in Louisiana is much larger than at first reported. McEwen was elected Governor by 45,000 majority.

TARITY Report is the Democratic shibboleth now. He that calls protection is a Republican, for if Democracy ever had a leading prominent principle, it was that tariff.

A GERMAN named Peterman, of Pittsburgh, has discovered a method of making solidified whisky, nothing it plugs like tobacco. He is having his invention patented.

KENTUCKY is the first State to break silence over the defeat of the Morrison bill, and she speaks out emphatically and positively in behalf of a reduction in tariff rates.

The Legislature has passed an act, which requires the County Attorney to assist the Commonwealth's Attorney in all prosecutions, and gives him a part of the per cent. of forfeitures, fines etc.

The Legislature has appropriated \$1,000 for the removal of the remains of Dr. John L. Cook and Mrs. Anna B. Cook to Frankfort, and for the erection of a monument to their memory.

TOM L. CANNON has revisited the Henderson *Scout*. It was published by the State *Scout* publishing company and edited by Mr. Cannon. It is a neat, newy sheet and welcome as an exchange.

The great several at Dryden, Tom, which we made mention last week, secured 192 contracts 122 miles and 40 farms and took a rest for a short time, but began again and is in full blast.

The City of Florida, a steamship plying between New York and Glasgow, collided with the bark *Panama*, in mid-ocean, sinking immediately. One hundred and thirty-five persons were lost. It is said the collision was caused by carelessness.

GENERAL TAYLOR, Chief of Police of Louisville, has instructed the police that it is to prohibit young ladies from appearing on the street in "Mother Hubbard" dresses. We think the chief is going quite far. He would do a better thing for the health of young ladies, to prohibit them from appearing on the streets in tight-fitting corsets.

It is announced that the novel by the late Charles Brade was cursor in Harper's *Bazaar*, "A Perilous Secret," was completed by him but a little while before his death. Mr. Brade had several times within the past few years said to friends that if he underwent another long illness it would be the end of him, and his fear proves now to have been a true prophecy.

A posse of revenue officers under Capt. D. H. Ward, Deputy Collector at Lebanon, made a raid into the vicinity of Bardstown, on the night of May 7th, in quest of moonshiners. They went to the house of George Cecil and ordered him to plot them to the stills. He denied all knowledge of the existence of any illegal distilleries, and made no attempt to escape when the party had opened fire, inflicting a bullet in the back of the shoulder blade, shattering it so that amputation will be necessary. The shooting is considered by all to be unjustifiable, and is severely condemned—*Commercial*.

After all Mr. Watterson is right. If the Democracy is not pledged to tariff-reform it is pledged to nothing; if it repudiates its tariff-revenue, only it repudiates its own interests, and is left without a platform, and without a great principle distinctive from Republicanism. Local tariff has been iterated and reiterated as a cardinal tenet of Democracy until it is so regarded by the people. To retreat is ridiculous. Mr. Ward may have been a little hard on the man who had the audacity of Mr. Hanks, but his position is nevertheless the correct one.

JUDAH P. BENJAMIN, Jeff. Da-  
lly Secretary of State, died in Paris  
France, on the 6th inst.

The river and harbor bill passed by Congress, provides for a survey of Green, Bough and Barren rivers and harbors at Owensboro, Paducah and other Kentucky towns.

This school bill recently adopted by the Legislature has some good features in it, one in particular, the enlargement of the school fund. It no doubt has some objectionable features, but as a whole, so far as we have learned, we approve of its passage. When we get the bill adopted, we will publish it.

The stock company, which will start the new paper in this city to be called the *Impartial*, have bought the job printing office of O. T. Kendall & Co., and will add to it sufficient type for the publication of the paper. Messrs. John L. McFarland and Geo. F. Haynes will be the editors, and will take charge of the office next Monday. Mr. Kendall will be their foreman. The first issue of the paper will appear about the first of June. —*Owensboro Messenger*.

SILIGHTLY disgruntled but still in the ring is the condition of the Democratic party since the defeat of the Morrison bill. The bill was not all that it should have been, for the reduction on some articles should have been much greater than on others, but a reduction in tariff is demanded by the masses of the people, and the Democratic voters of this country are very near a unit in favor of a move in this direction, and the Chicago Convention is certain to take strong grounds in favor of it. The vote on the Morrison bill was 159 against the bill, or rather in favor of straining out the removal of obstruction to trade, the foremost element of all living Democratic principles of to-day—Hon. John G. Carlisle.

The following gentlemen were selected as delegates to the State Convention at Mr. Sip Swain for his perseverance.

Mr. John Rogers, and her two beautiful little children, of Rosine, spent a few days last week with her mother near Prestonsburg.

I am sorry to note the illness of Miss Anna Paxton, daughter of Mr. Elijah Paxton, who has been sick several weeks with typhoid fever.

James Burgess is the happiest man in the vicinity of Prestonsburg.

The singing conducted at that place is well attended.

Since learning that Rural is nominated for sheriff, I am sure our boys will be well with great ease.
